MODERN PROBLEMS IN THE LIGHT OF ANCIENT WISDOM

THE ETERNAL SEARCH

- Modern problems require ancient wisdom.
- The mysteries of the universe—from Atlantis to the hidden faculties of the mind—are practical blueprints for spiritual evolution.
- We are stepping onto a pathway that has been walked by initiates for millennia.

THE UNIVERSE AS AN ORGANISM

- The ancient concept of Kheen or Shang-te reveals the cosmos as an animated sphere containing the One Mind.
- Man is a miniature universe; the universe is a gigantic Man.
- Stars, mountains, rivers, and humans are members of a single, intelligent spheroid organism.

THE BLUE VEIL OF IMMORTALITY

“Why is the Christ Child of India, Shri-Krishna, always depicted with blue skin?”

- Blue represents the highest of primary colors—the protection of the Father.
- It symbolizes the veil of spirit that forever divides the immortal from the mortal.
- It conceals the great spiritual workers from the mundane world even as they labor within it.

THE JUSTICE OF CYCLICAL GROWTH

The Light of Asia brought a framework of Reincarnation that dispels eternal punishment. It is a logical system of cosmic education.

Equal opportunities for all; special privileges for none. Success is the reward for work well done; failure is the result of indolence.

THE ECHOES OF ATLANTIS

Miles beneath the Atlantic lies a continent that once birthed colleges, marble cities, and Priest Kings. High spiritual ideals were eventually buried beneath materiality, sounding a warning that still rings today.

THE CYCLE OF CIVILIZATIONAL DECAY

1. THE PRICE OF BLOOD

Strife, confusion, and
the animal in man.

2. THE LOSS OF BEAUTY

Form over spirit;
the death of harmony
and compassion.

3. PERVERSION OF EDUCATION

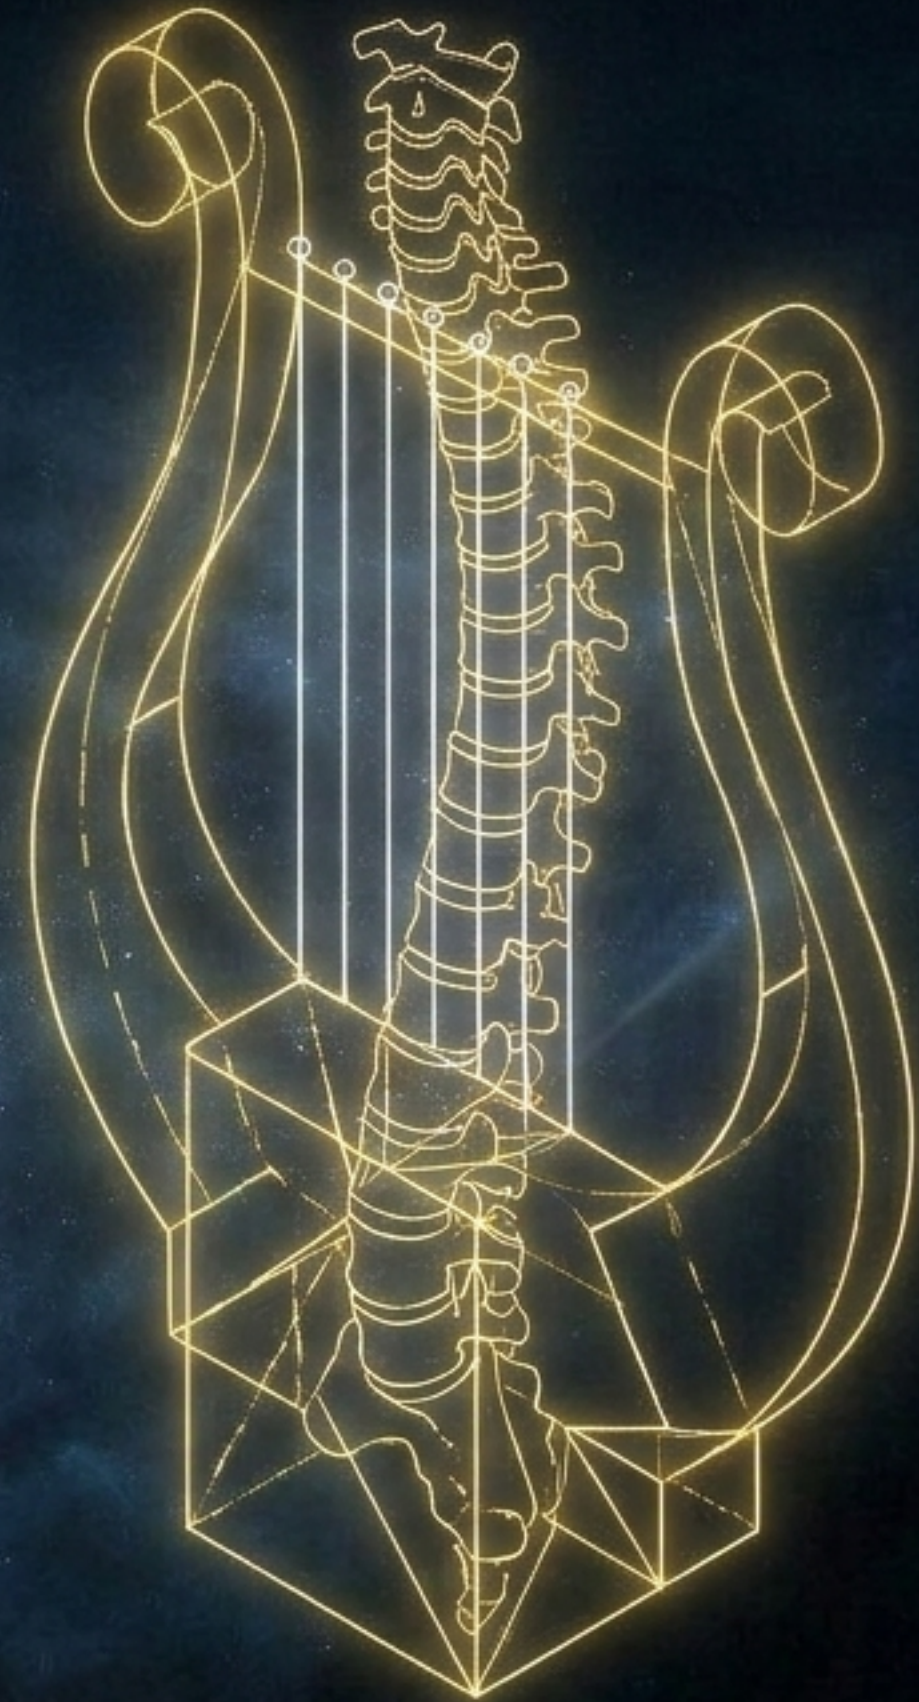

Ignorance, crystallization,
and the loss of the drawing
forth of truth.

THE SHATTERING
OF THE WORLD

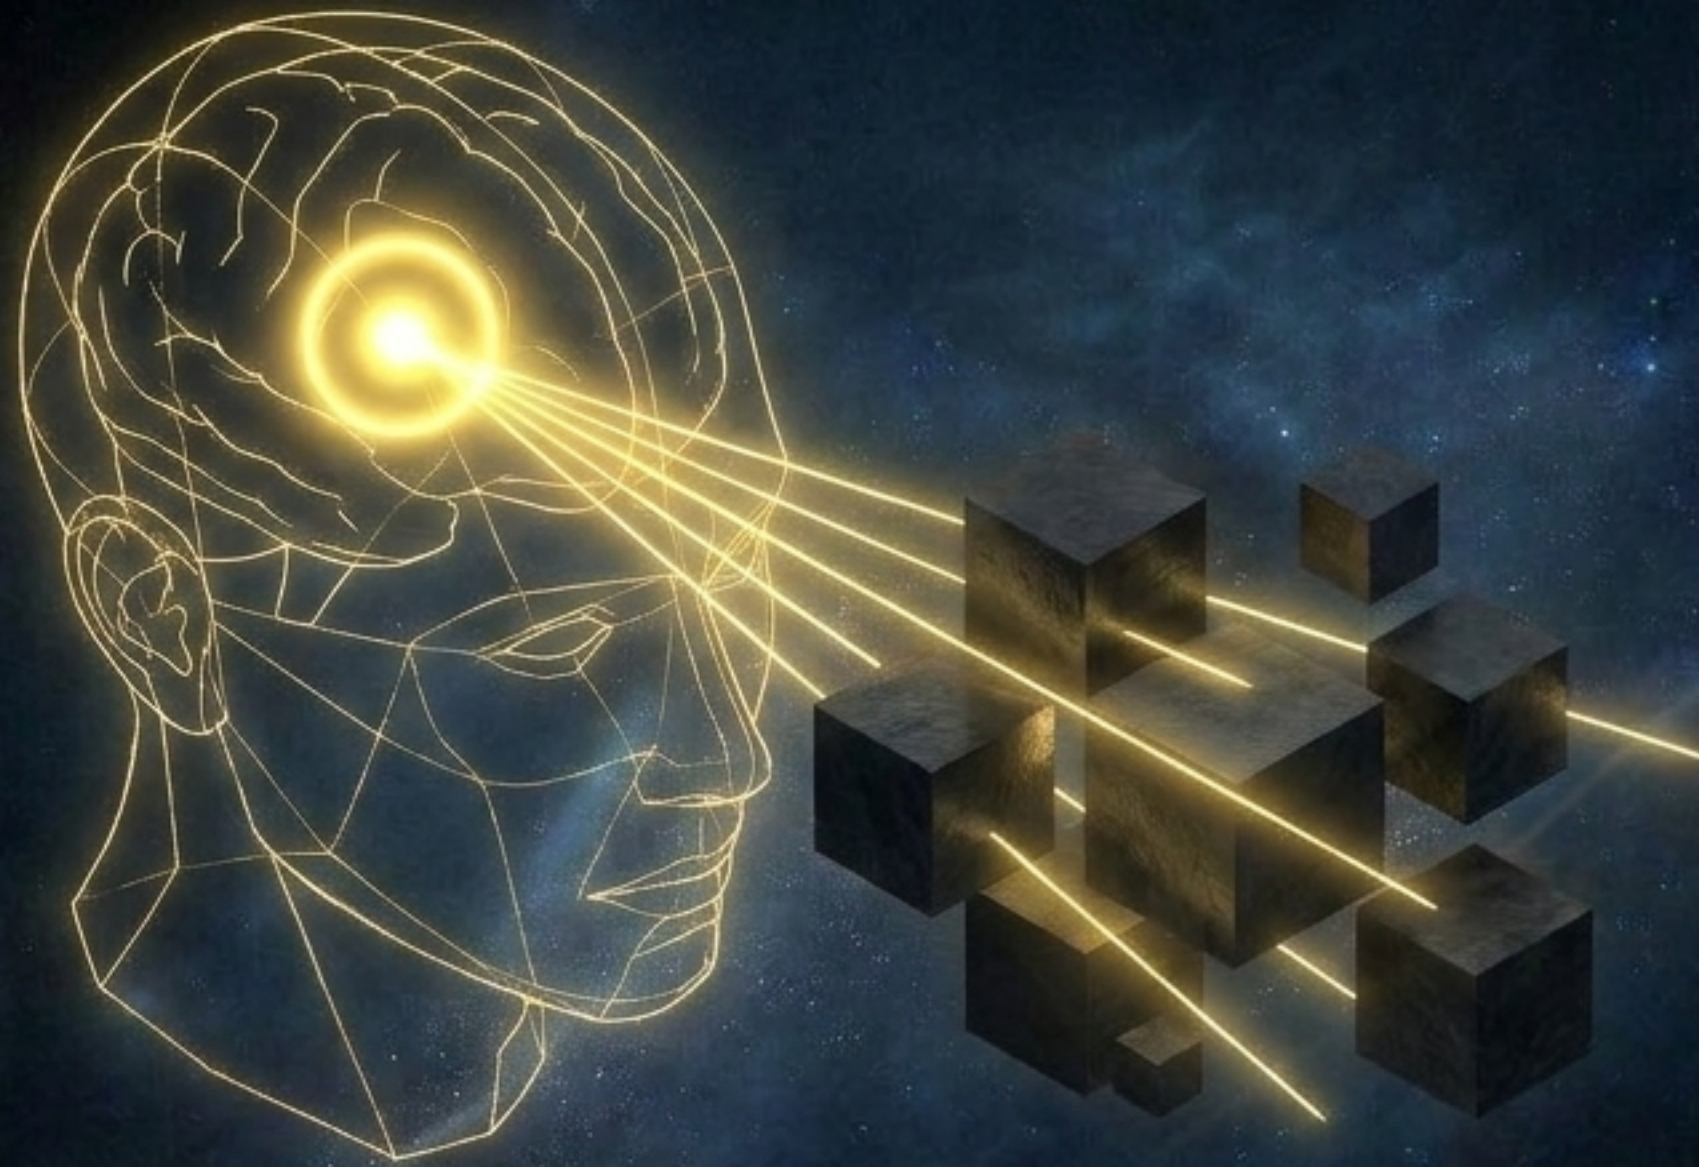

THE HUMAN KEYBOARD

The human body is a seven-stringed lyre played by the spirit. When man's life is a sham, the instrument is out of tune and discordant.

But those who have suffered and labored are mellowed like old violins. In the hands of the Great Musician, they pour forth symphonies sublime.

AWAKENING THE THIRD EYE

Hidden within the brain is the pineal gland. When awakened by forces turned upward, it dilates into a super-organ of sense orientation, allowing the initiate to see through the solid walls of matter and into the secrets of the mind.

THE LOST LIBRARY OF THE SOUL

- Up in the dusty attic of the human brain is a room filled with ancient heirlooms.
- Here resides the cosmic library—the lost tomes and sacred books of the ancients.
- Millions of years of history are recorded in living ether, waiting for man to find the knock that will open the door.

THE ROBE OF BLUE AND GOLD

THOUGHT

Through the daily purification of thought, action, and desire, the Master Mason weaves these threads into a seamless wedding garment of the spirit. It becomes a radiant body of living fire.

The initiate must blend and unify all diversity. The triangle symbolizes the ultimate balance.

THE DIVINE FACULTY OF NONSENSE

Why humor is essential to prevent spiritual crystallization.

- Crystallization
- Gloom
- Tension
- Dyspepsia
- The 'Wet Blanket'

THE MOUNTAIN OF THE MOON

*There is a mountain situated in the midst of the earth... soft also above measure hard
and stony, it is far off and near at hand but by the Providence of God invisible.*

— The Brothers of the Rose Cross (1651)

THE MIDNIGHT JOURNEY

You must withstand the absolute destruction of the material world to discover what lies beneath.

1. THE WIND

Shatters the rocks of ignorance.

2. THE EARTHQUAKE

Overthrows the remnants of the ego.

3. THE FIRE

Consumes the earthly rubbish.

THE EXALTED TINCTURE

At daybreak, the dawning appears. The ultimate treasure is a divine tincture that restores youth and transmutes the base into pure gold. But the initiate must use it rightly, living temperately and without pride.

THE BUILDERS OF THE NEW RACE

The duty of the true initiate is not to hide in the temple praying, but to make the world their temple. Don the white armor of purity, take up the sword of truth, and dedicate your life to lifting the darkness. The path is open.
