The Architecture of Ascent

THE FIRST HEAVEN: MOON

The Anchor

The Spine & Back Body

The Breath

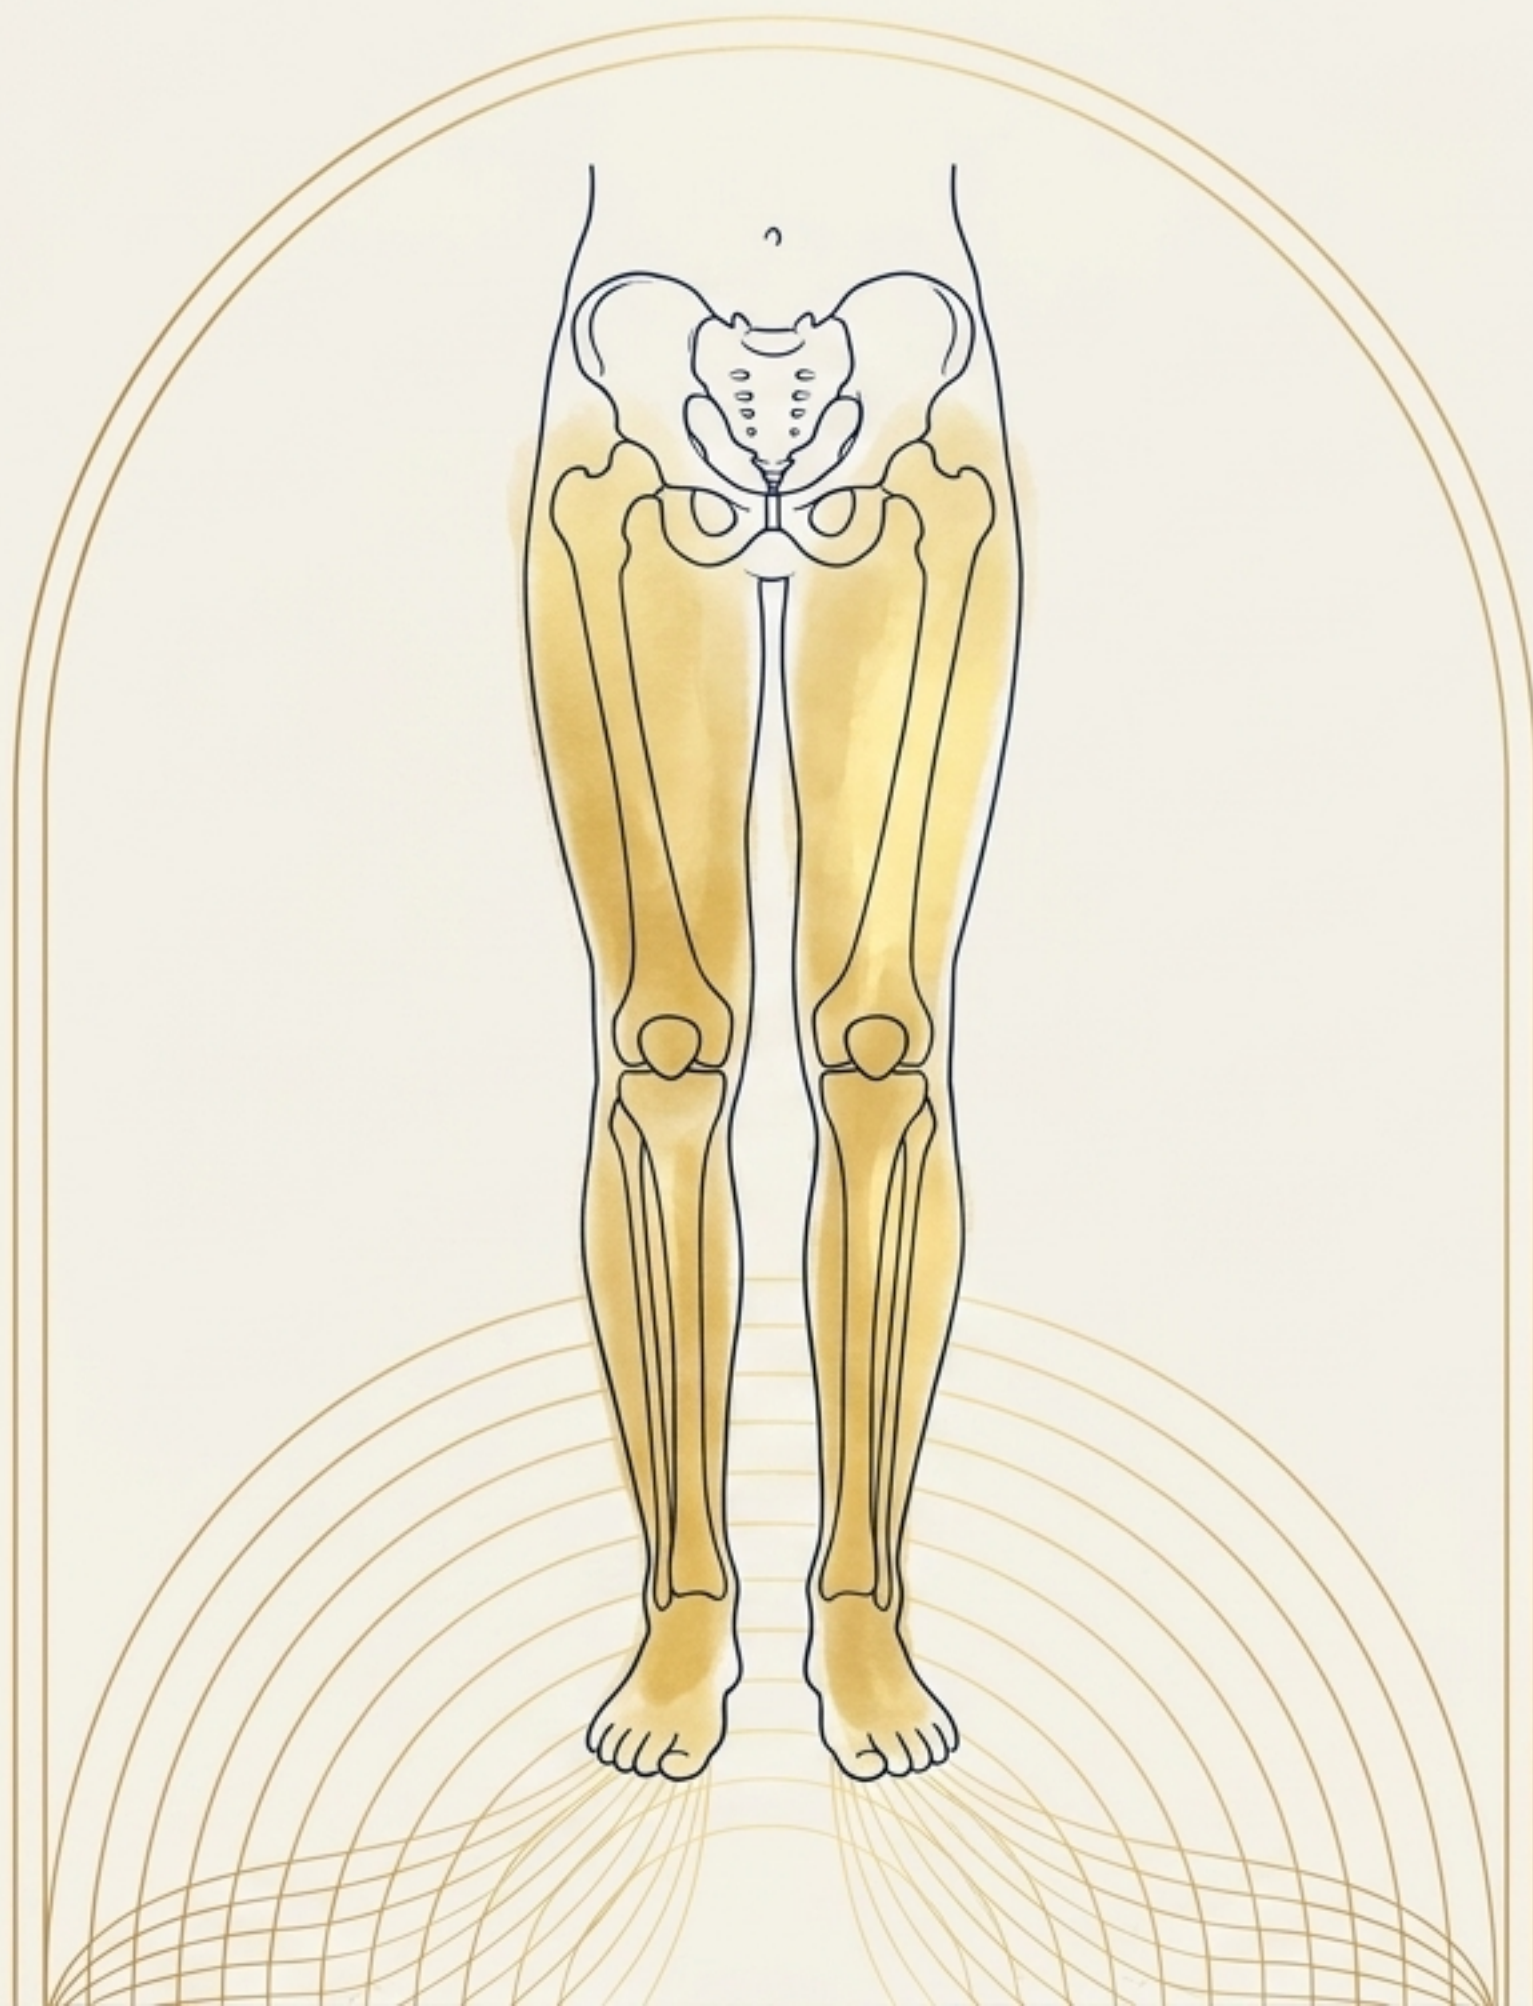

Inhale soft light; exhale gently down the length of the spine.

The Release

Fear, heaviness, and emotional residue.

**I AM LIGHT
BORN OF LIGHT.**

You are not descending into darkness. You are remembering what has always been luminous within you.

THE SECOND HEAVEN: MERCURY

The Anchor

The Pelvis & Legs.

The Breath

Inhale gently; exhale life force downward into the foundation.

The Release

External dogma, mental authority, and borrowed answers.

**I RECOGNIZE NO LORD BUT
THE SOURCE WITHIN ME.**

Let the mind soften its grip. Let truth come from within rather than above you.

THE THIRD HEAVEN: VENUS

The Anchor

Shoulders, Arms & Hands.

The Breath

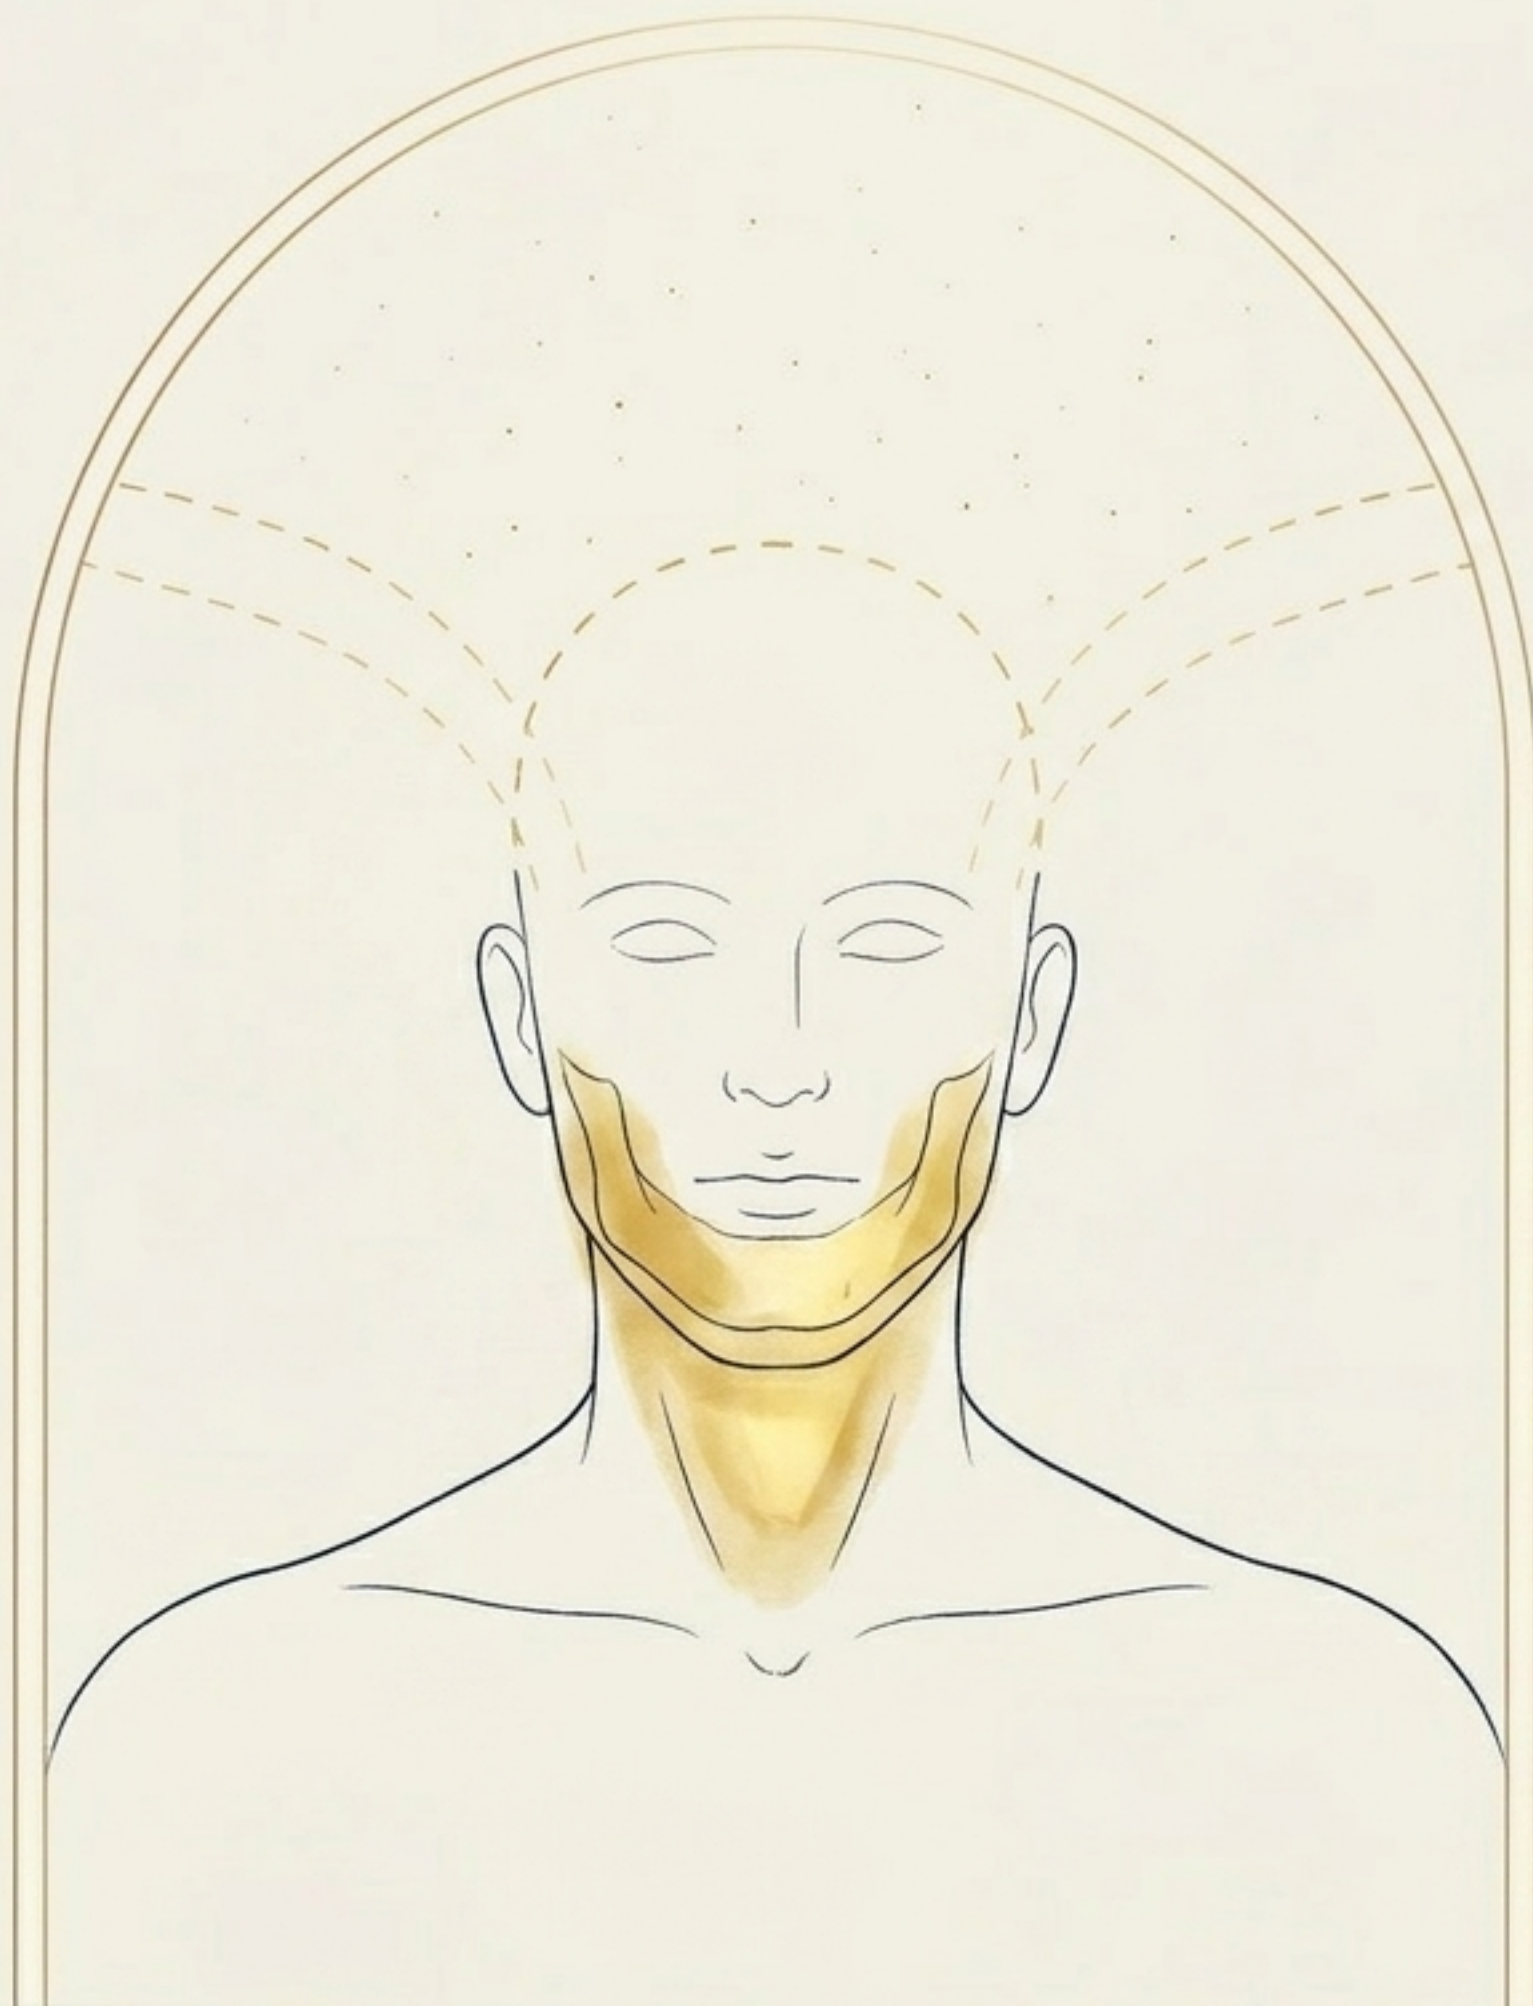

Inhale softly; exhale life force into the upper limbs, letting hands unclench.

The Release

Grasping, craving, and the strain toward completion.

**I AM BEYOND ALL LONGING,
FOR I AM ALREADY WHOLE.**

*Let desire become transparent. You do not need to become whole;
you are remembering wholeness.*

THE FOURTH HEAVEN: SUN

The Anchor

Head, Jaw & Throat.

The Breath

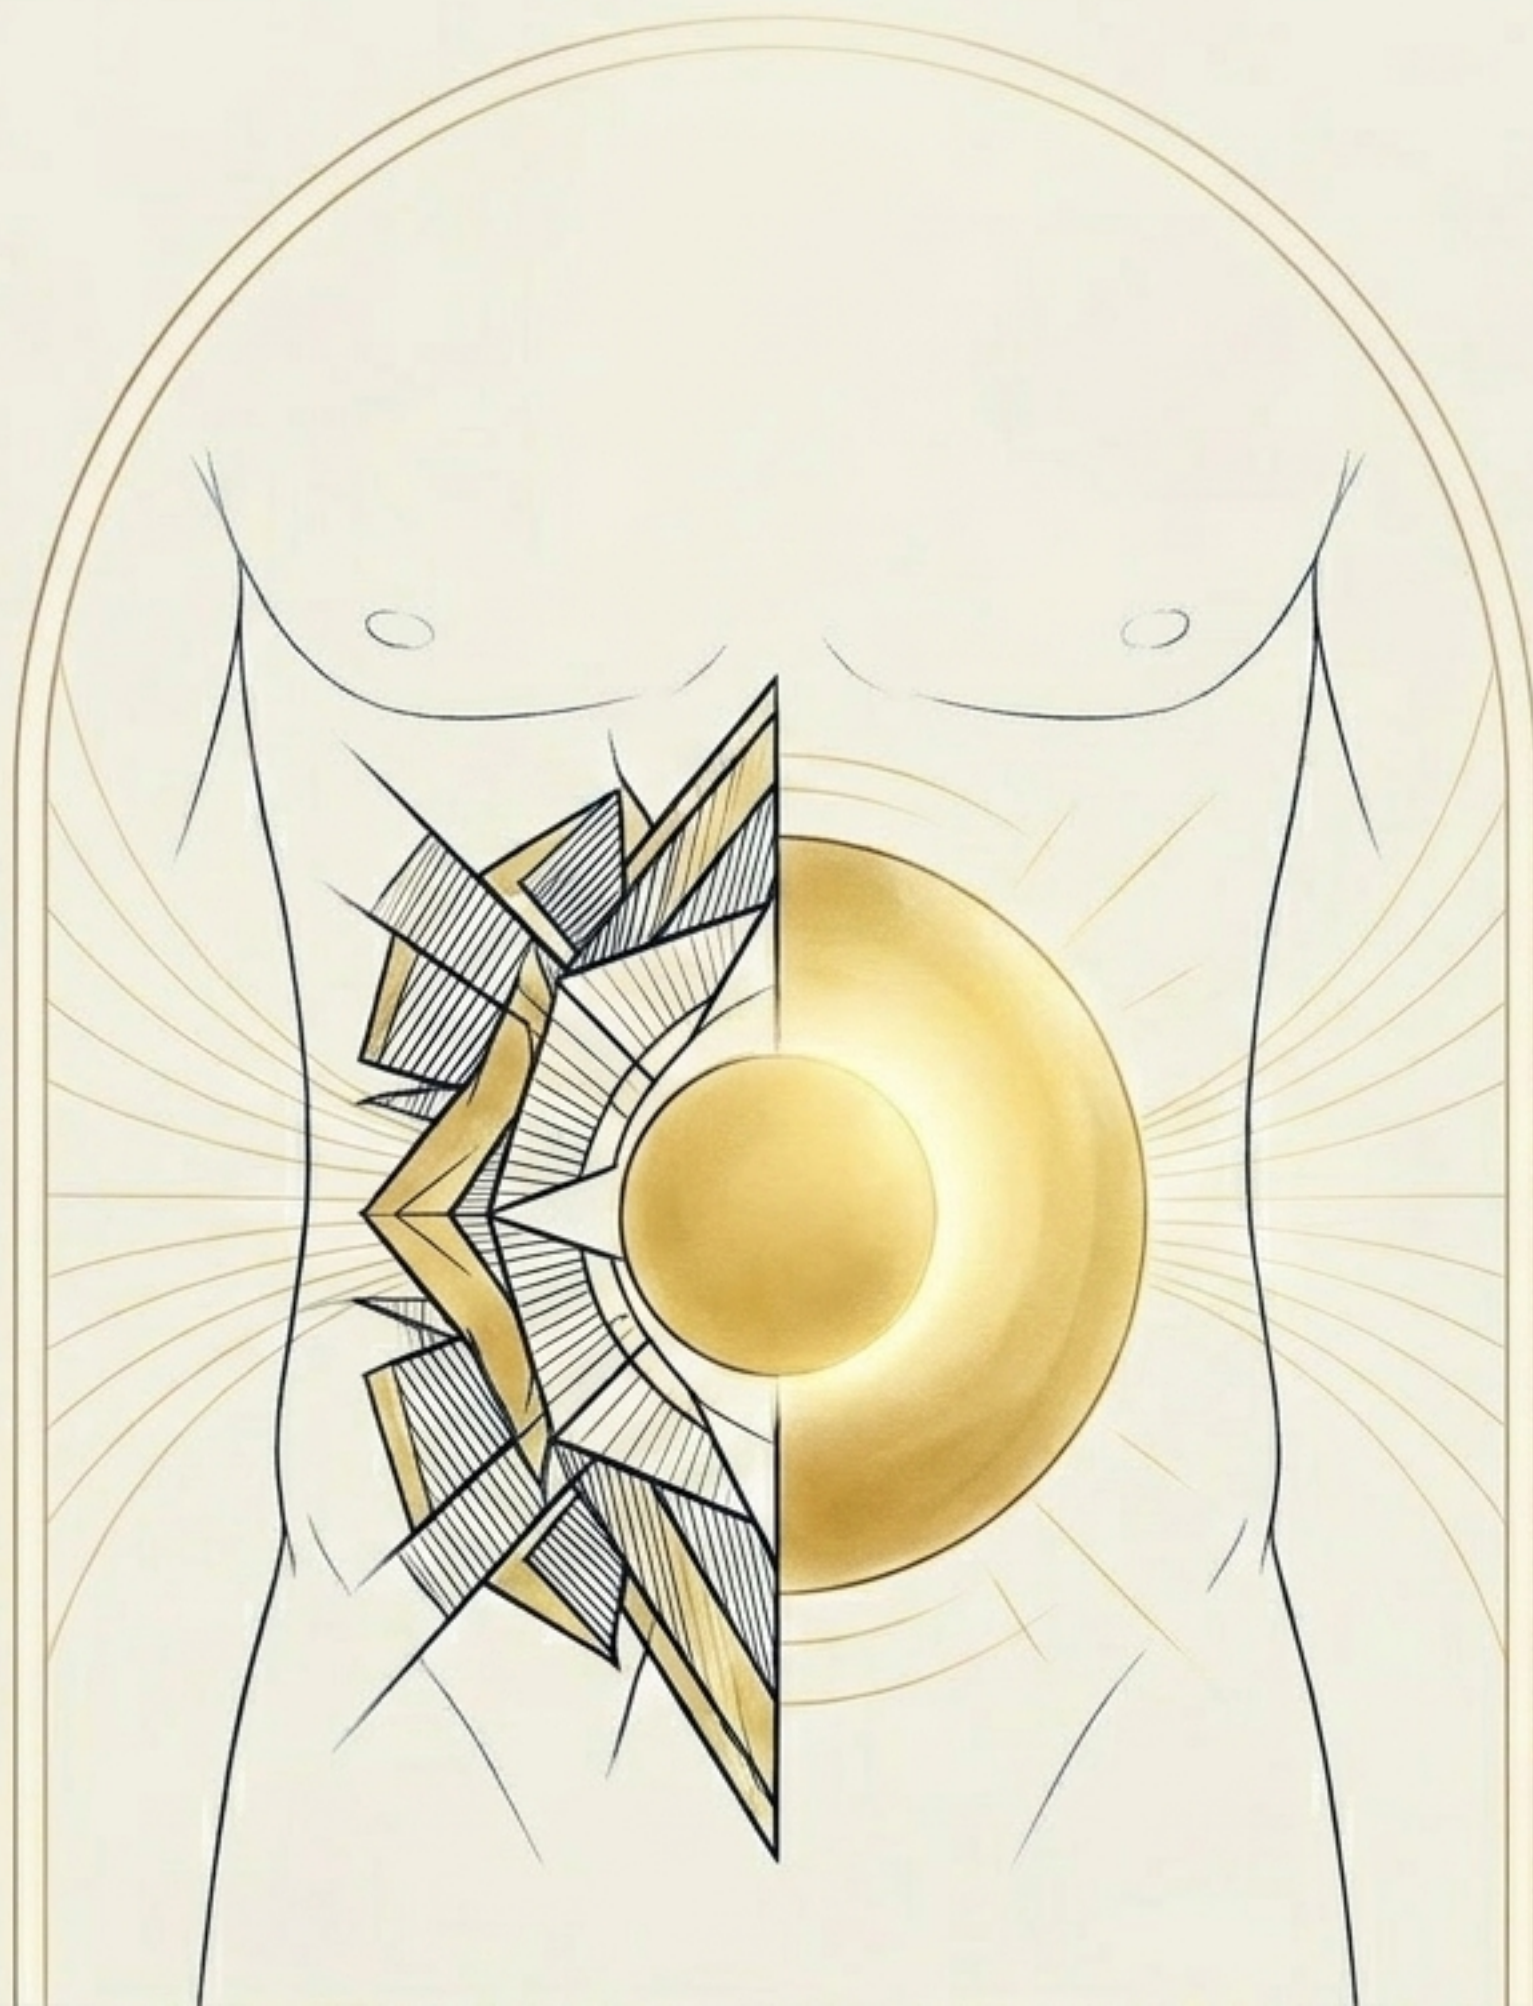

Inhale gently; exhale light to fill the skull and clear the face.

The Release

Identity fixation, spiritual pride, and the need to be defined.

**I AM NOTHING AND NO ONE.
I AM THE SPACE IN WHICH
ALL THINGS ARISE.**

*Thoughts and roles may appear, but you are the open field
in which they come and go.*

THE FIFTH HEAVEN: MARS

The Anchor

The Belly & Solar Center.

The Breath

Inhale to rise the abdomen; exhale to fill the organs with calm life force.

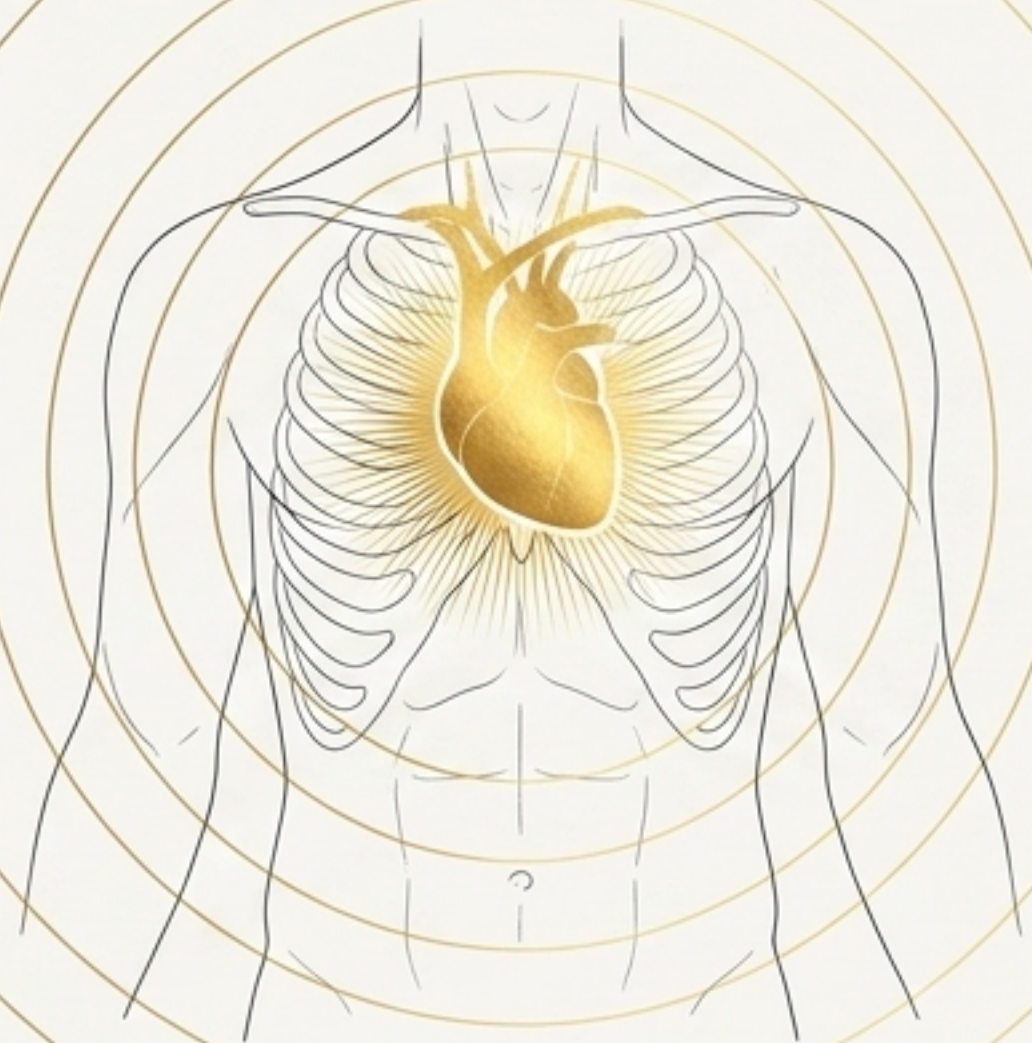

The Release

Struggle, self-attack, battle, and the urge to conquer.

**I AM THE PEACE THAT
DISSOLVES ALL CONFLICT.**

*True strength does not need violence.
True will does not need struggle.*

THE SIXTH HEAVEN: JUPITER

The Anchor

Chest & Heart Center.

The Breath

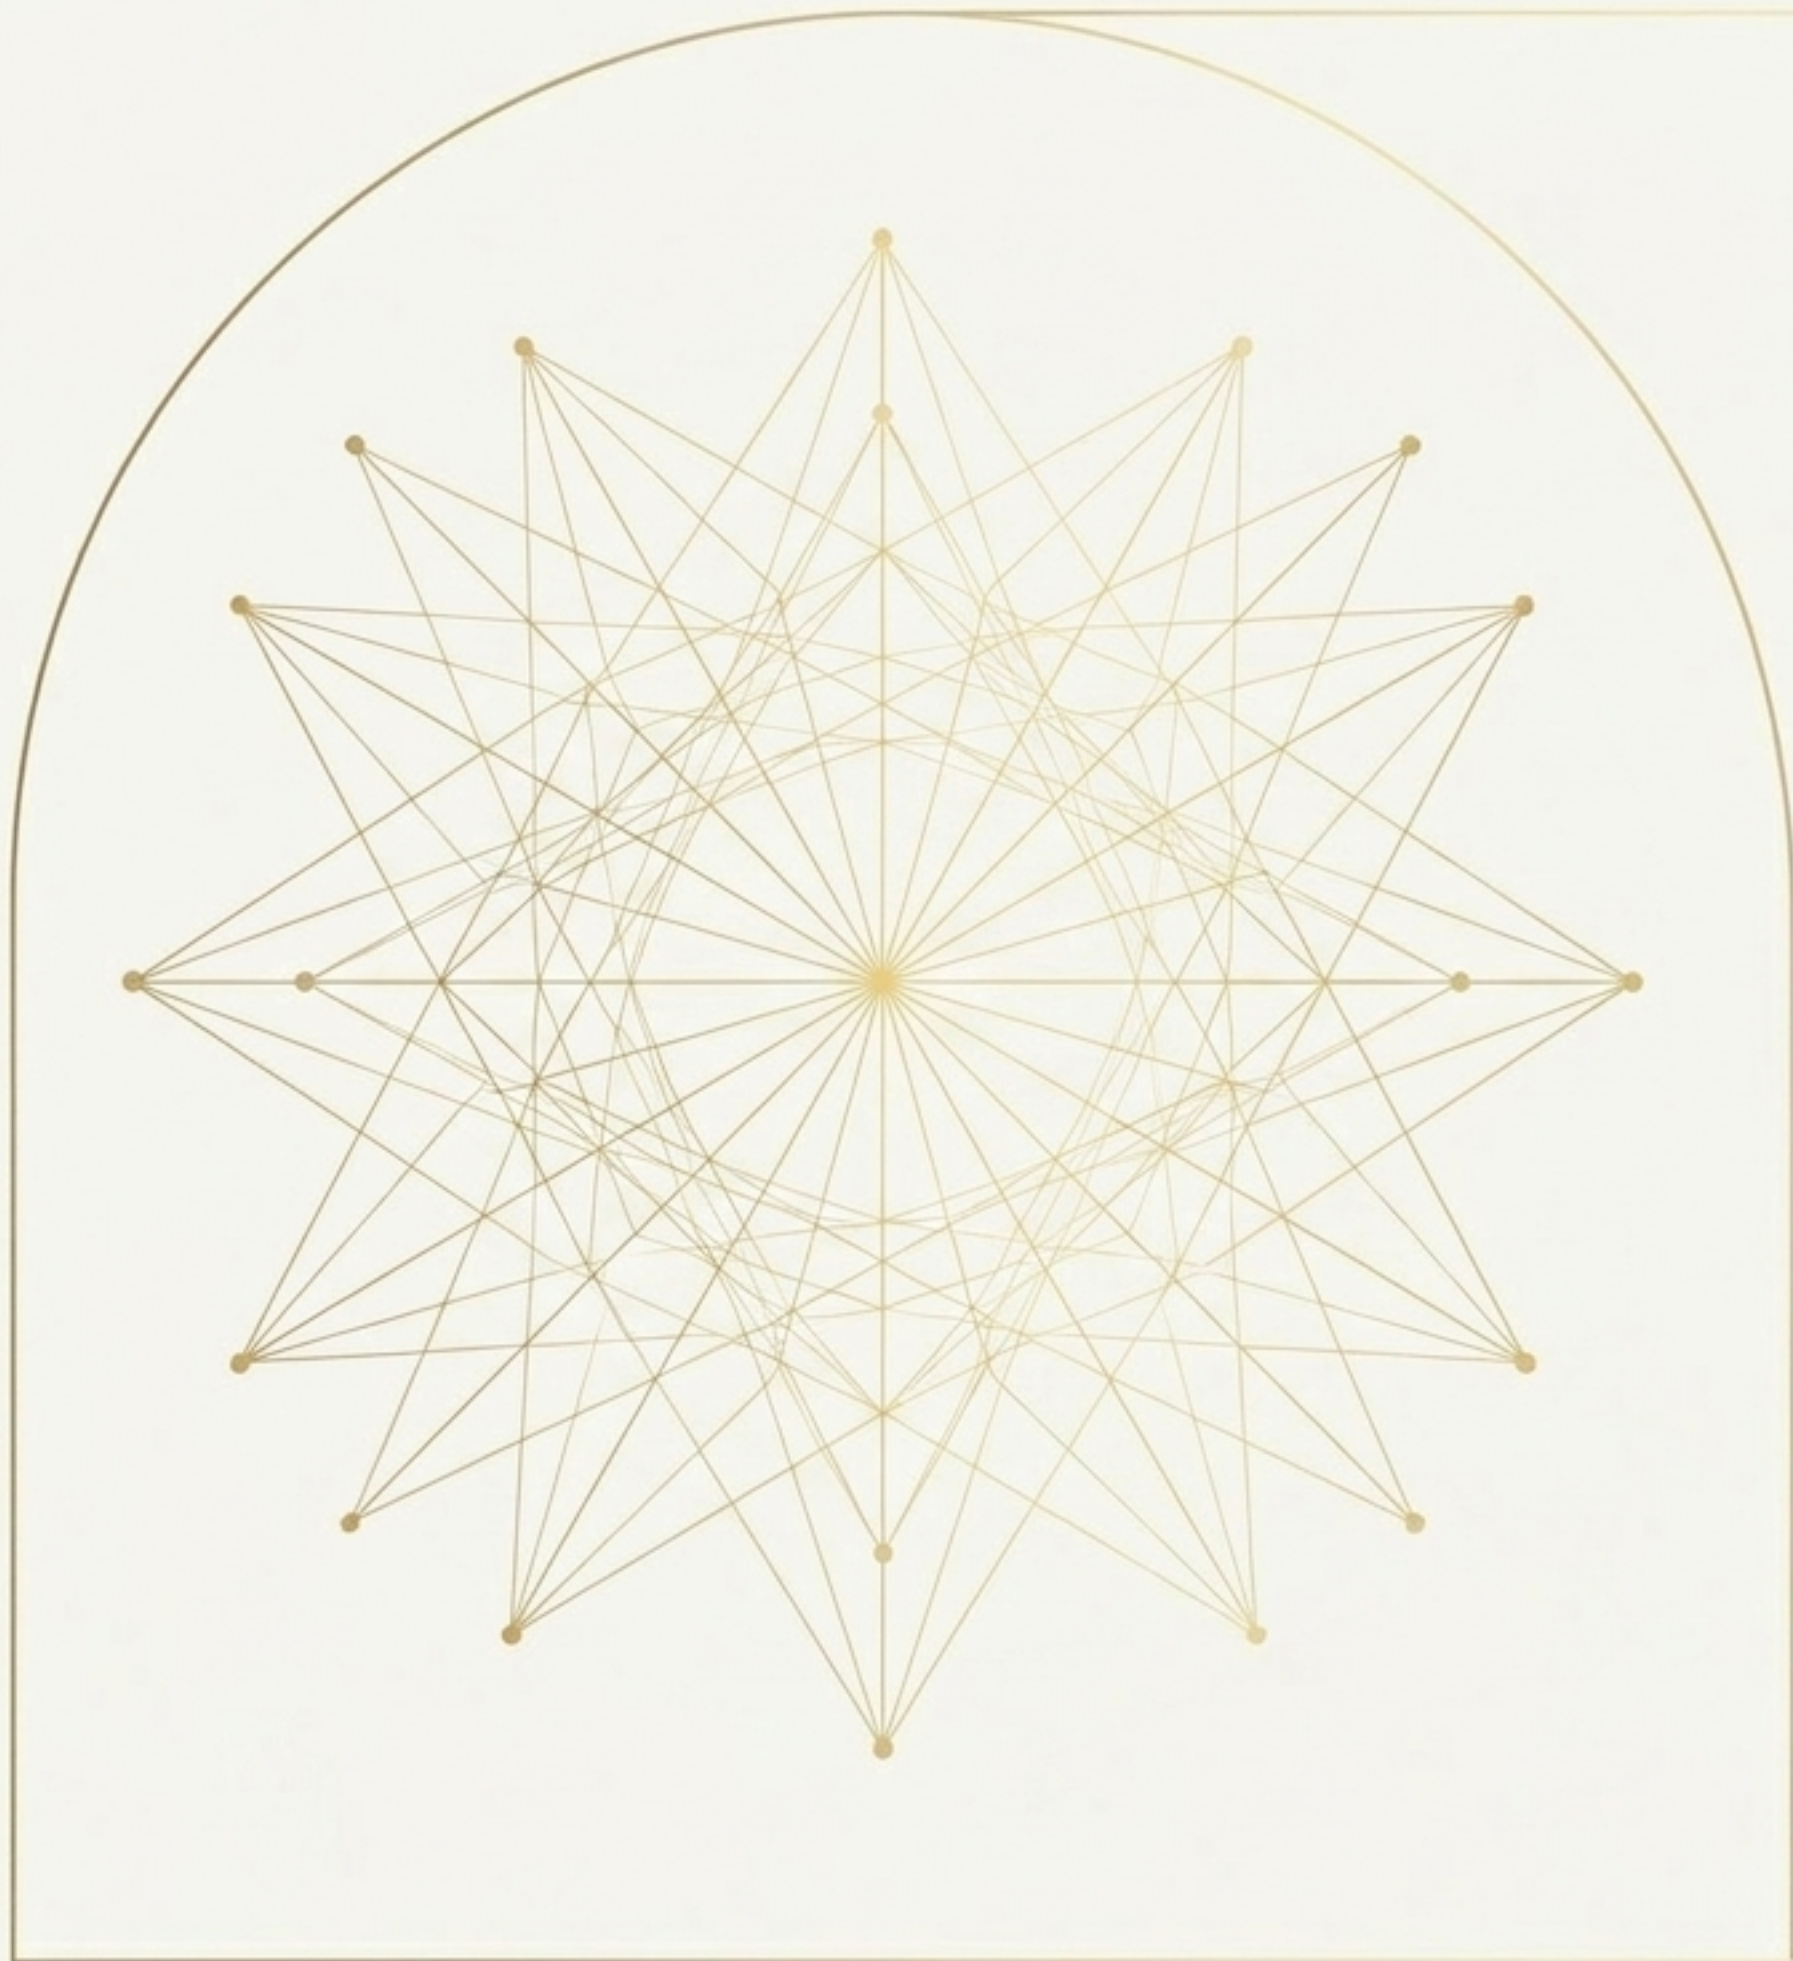

Inhale to widen the ribs; exhale to imagine light moving through grief.

The Release

Judgment, karmic burden, shame, and inner debt.

**I WAS NEVER SEPARATE
FROM THE SOURCE. THERE
IS NOTHING TO ATONE FOR.**

*Let the heart remember what the frightened mind forgets.
Let forgiveness become a form of breathing.*

THE SEVENTH HEAVEN: SATURN

The Anchor	The Entire Energy Field.
The Breath	Inhale gently; exhale life force to expand beyond the skin into calm radiance.
The Release	Time, limitation, confinement, and the fear of endings.

**I AM ETERNAL. I EXISTED
BEFORE TIME AND WILL
EXIST AFTER IT ENDS.**

*You are not a flicker in the dark.
Dissolve into the Pleroma, the ocean of light.*
